

LOTUS STUDY

Research about bone health
with progestin-only birth
control pill, Slynd™

JOIN OUR STUDY!

ARE YOU HEALTHY, ASSIGNED FEMALE
AT BIRTH, AND 14-17 YEARS OLD?

ARE YOU INTERESTED IN USING THE
FDA-APPROVED PROGESTIN-ONLY BIRTH
CONTROL PILL, SLYND™, FOR 12
MONTHS?

WHAT'S INVOLVED?

Participation lasts 1-2 years
and includes:

- Taking a daily pill
- ~5 in-person visits
- 3-5 DXA (bone X-ray) scans
- Blood draws

You will be compensated up to
\$450 for participating in this
study
